

Adolescent Awareness Foundation

The **Adolescent Awareness Foundation** has been established by Mary Ann Mincarelli as a charitable foundation whose primary purpose is to fund educational programs and activities for middle school aged children to foster an awareness of the dangers of drug and alcohol abuse. Initially, the Foundation will be used to award grants to educational institutions which will allow the institutions to present educational programs to middle school aged children.

Charitable activities supported by the foundation will include educational programs that:

- * Allow educational institutions to provide quality programming to middle school aged children;
- * Link alcohol and drug use to risky behaviors;
- * Create awareness of the dangers of drug and alcohol abuse;
- * Educate our youth about the nature and consequences of addictive behaviors;
- * Advocate for educational environments with zero tolerance for alcohol and drug abuse.
