COMMUNITY FOUNDATION

Corporate Social Investment Award
highlighting business and social responsibility

Michael Bontrager and Chatham Financial

Chatham Financial, which advises its customers on interest rate and currency risk management, is an exceptional corporate citizen. In addition to financial generosity, Chatham employees are encouraged and challenged to become engaged with their community on a personal level. Chatham's employees are passionate community volunteers, involved in issues relating to education, youth empowerment, and poverty reduction. Locally, Chatham employees serve as tutors with Mary D. Lang Elementary School. Chatham is strongly involved with The Garage Youth and Community Center in Kennett Square, providing mentoring, tutoring, recreation and access to computers for middle and high school students. This award honors Chatham Financial's position at the forefront of a growing international trend: values-based, mission-driven business.
