

*Chester County*  
COMMUNITY FOUNDATION

**Door Opener Award**

*recognizing professional advisors who strongly promote legacy philanthropy*

***Michael B. Karwic, CFP***

This award was established by the Community Foundation to recognize a professional advisor who has acted as an outstanding advocate in the promotion of legacy philanthropy. Professional advisors (trust officers, estate planners, financial managers, and wealth managers) who present and encourage philanthropic initiatives to their clients as they plan their estates are significant in propelling the philanthropic agenda.

During the past year, Michael B. Karwic of Morgan Stanley resolved to introduce one person weekly to the Community Foundation. He surpassed his goal by hosting a Ben & Jerry's reception attended by 350 Community Foundation guests. Michael B. Karwic is an energetic ambassador who consistently asks clients to consider how philanthropy fits into their life plan.
