

THANKS FOR CARING AWARD ~ Margaret Anderson

Peg Anderson has been active in many causes, with women's issues, health and social justice among her priorities. Always modest about her work, Peg says, "I just started doing the things that needed to be done. One thing led to another."

Over the years Peg has been directly involved in many organizations with diverse priorities including, among others, Alice Lawson AAUW Scholarship Fund, Chester County Library Foundation, Downingtown Area School District Educational Foundation, Dr. W.T.M. Johnson Scholarship Fund, Home and Farm Antique Association, Planned Parenthood of Chester County, the Chester County Historical Society, The Chester County Hospital, Friends Association for Care and Protection of Children and The Hickman.

Peg leads by example. In her 93 years, she has served as a board member for many of the organizations she supports. In addition, she mentors younger volunteers, donors and family members in order to encourage them to follow her path of generosity and service.
