

DOOR OPENER AWARD

recognizing professional advisors who strongly promote legacy philanthropy

Robb Frees, CIC, of Phoenixville

The Community Foundation established the Door Opener Award to recognize the vital role that professional advisors—such as estate planning attorneys, insurance professionals, CPAs, financial managers and wealth managers—play in growing endowed legacy philanthropy.

Robb Frees, CIC is the owner of Frees Insurance, Inc. As a third generation businessman in Phoenixville, Robb believes in strong community involvement. He serves in board leadership roles with the Phoenixville Community Health Foundation, and the Phoenixville Community Education Foundation. Robb encourages colleagues and friends to become involved with charities, and he is clear that planned giving is an important consideration in the estate planning process. Robb is a strong advocate for legacy philanthropy.

Robb Frees, CIC presented the Community Foundation along with a few other charitable options to a client. After due consideration, the client made a six figure gift to create a Community Foundation donor advised fund which will make grants to a variety of nonprofits chosen by the donor, forever.
