

ERIC MILLER MEMORIAL CHARITABLE FUND

December 19, 2014 - December 6, 2015

Eric R. Miller had lived only 11 months when he departed from this earth.

On December 6, 2015, Kristin and Andrew Miller suffered the tragic loss of their infant son. Eric contracted a rare case of Pneumococcal Meningitis, an infectious disease that causes inflammation of the layers that surround the brain and spinal cord.

A beloved son, grandson, nephew and cousin, Eric brought a very special love and happiness, and a light which will glow forever.

Gifts will be used to:

- ◇ Create a playground in Eric's honor
- ◇ Award annual grants and scholarships in Eric's memory
