Erik Gudmundson

Pegasus Technologies

Erik began his career at a local Internet Service Provider and supporting users of university computer networks as the general public began using the Internet for the first time. Today, Erik is responsible for designing, proposing, implementing, and supporting cloud, on premise, and hybrid IT solutions in computer-dependent business environments.

Erik is acclaimed for the practical approach he uses to explain complex issues to both technical and non-technical audiences, and has been a featured speaker at various tech events.

Erik is focused on improving experiences, while always paying attention to strategic and tactical requirements as well as long- and short-term goals. Erik holds a degree in Computer Science from Millersville University.

Erik serves the community as a board member of the Southern Chester County Chamber of Commerce, the Innovative Technology Action Group of the Chester County Economic Development Council, the Technology Forum of Delaware, and the Chester County Workforce Development Board.
