CCCF COVID-19 Rapid Response Mini-Grants
Per IRS Regulations, applicants must be charitable, tax exempt organizations with 501(c) (3) certification & cannot be individuals.

Background/Eligibility
The Community Foundation’s COVID-19 Rapid Response Fund provides flexible resources to Chester County nonprofits that are disproportionately impacted by coronavirus and the economic consequences of this outbreak. This is designed as a flexible short-term response fund to provide relief for a variety of unexpected costs. We envision three funding priority levels:

- **Front Line Grants** fund community-based nonprofits that have increased demand for services due to COVID-19. These nonprofits have deep roots in community and a strong track-record serving people who are immediately and disproportionately suffering from this crisis. This includes services to financially vulnerable people who work in industries without sick leave &/or health care; homeless people; and health-challenged vulnerable people. Grants are intended to complement the work of public health officials and expand local capacity to address acute needs of the outbreak as efficiently as possible. These grants are NOT of the scale to support larger public institutions that are strained by increased demand for services. Examples of the types of nonprofits in most need of Front Line Grant Support, as service numbers rise: community-based health clinics; food bank & food pantries; meal delivery programs; homelessness programs.

- **Service-Challenged Grants** fund nonprofits that are modifying their in-person service delivery modes extremely rapidly due to COVID-19, and need assistance to do so. These nonprofits likely need additional assistance to upgrade sanitation protocols and obtain cleaning supplies & service personnel. This includes: youth centers, recreation centers, child care, senior services, adult day care, community-based education programs.

- **Collateral Damage Grants** fund nonprofits facing extreme difficulty because of lost revenue due to closures and cancellations, as well as other challenges.

In a few brief paragraphs, please explain:
1. What geographic area is served? (If not all of Chester County, specify primary Chester County regions served)
2. What population is served, what has been the impact of COVID-19, and how has your nonprofit responded?
3. How much funding is sought? How does this compare to your annual operating budget? What will the funding be used for? What is the expected timeframe for use of funds?

Atglen Public Library’s state-designated direct service area is Atglen Borough and West Fallowfield and West Sadsbury Townships. Through our membership in the Chester County Library System, however, we serve the entire County through our shared catalog of physical and electronic materials and resources.

We serve every person who lives, works, or goes to school in Chester County. We closed to the public at end of business on March 13 in compliance with Chester County and Office of Commonwealth Libraries directives. All in-person activities have ceased, including programming and the lending of physical materials. We have engaged social media to inform about and encourage use of e-materials such as e-books and e-resources such as Flipster, TrueFlix, BookFlix and other CCLS databases. We are converting usual programming to virtual programming. Story Times and book clubs have been continued online, a weekly local history discussion on Facebook has been initiated, and the monthly Young Writer’s Project has been continued on a weekly basis in a virtual classroom. We have retained all staff and applied for the Payroll Protection Program.

The financial impact of closures has been significant. Our March fundraiser was cancelled and our biggest fundraiser, the Di-Atglen Alley Wizard Faire scheduled for July, has just been cancelled. We hope to be able to retain the $10,000 in sponsorships received so far, leaving $10,000 in event-day proceeds unrealized. Together, these two events represent a loss of $17,000. We hope that fall fundraising events will not be impacted. Annual campaign efforts have stepped up to help fill the gap.

We seek a mini-grant of $5000, 4% of our annual revenue. The funds will be used to continue to pay staff at their usual rates and to offset fixed expenses such as rent and utilities. These funds will be used prior to December 31, 2020.
