--- Brief Mission Statement ---

ReRun's mission is to rehabilitate, retrain, and find adoptive homes for Thoroughbred racehorses when their careers on the track are over.

--- In brief, what is your proposed use of the grant you are applying for? Please include 3 to 5 goals you expect to achieve with the funding. ---

ReRun proposes to hold an educational open house to showcase retired NY racehorses. Goals of the program include: 1) Educate the public about what happens to horses after retirement from racing; 2) Educate the public about unique partnership programs that benefit horses and veterans; 3) Increase interest in adopting retired racehorses.

Scheduled for a "dark day" during the Saratoga Race Track season, participants will be provided with transportation between Saratoga Springs and ReRun. They will have an opportunity to learn about and meet some of racing fans' favorite retired horses. Saratoga Warhorse will conduct a presentation on the equine assisted therapy program for veterans they operate at ReRun using ReRun horses. Information will be available about some of ReRun's partners, including NYTHA's Take the Lead Program which supplied 60 horses to ReRun last year. There will be under tack demonstrations and a Moneigh® Painting demonstration. A question and answer session will be led by ReRun's executive director, who has over 30 years of professional experience in the horse industry. Participants will be offered light refreshments.

--- If you received a grant from TERF (Thoroughbred Education and Research Foundation) previously, please describe how those funds were used. ---

--- Please describe your charity's public education/research efforts. ---

ReRun has conducted similar programs, including tours and demonstrations for New York State senators and assemblymen, the National Museum of Racing and Hall of Fame, various branches of 4H and Pony

Club from New York and Vermont, NY Farm Bureau Young Farmers and Ranchers Conference, and SUNY Cobleskill.

--- Please describe any publicity your charity has earned within the last calendar year. Copies of news articles or a brief summary of news coverage are acceptable. ---

Publicity in the past year has ranged from stories about well-known horses that were rehabbed at ReRun to interviews of ReRun's executive director.

BloodHorse ran articles on Uncle Sigh and Spring to the Sky each retiring to ReRun. America's Best Racing printed an article about warhorse Praetereo's adoption from ReRun. In August, ReRun participated in Hampton Classic's Animal Adoption Day which received coverage on TapInto.net.

Both BloodHorse and America's Best Racing ran articles mentioning ReRun as one of the 40 organizations accredited by Thoroughbred Aftercare Alliance in 2019.

Beverly Strauss, the executive director and president MidAtlantic Horse Rescue, and Lisa Molloy, executive director of ReRun, were interviewed for an article by America's Best Racing about transitioning a horse into life after racing. Lisa was also quoted in an America's Best Racing article about changing racehorse identification from tattoos to microchips.

--- List 2-3 things that distinguishes your organization and why TERF should fund this proposal. ---

Originally founded in 1996 in Kentucky, ReRun is one of the oldest Thoroughbred retraining and adoption programs in the country. Located in Upstate New York since 2002, ReRun is now the largest Thoroughbred rehab and adoption program in New York and boasts the premier adoption facility in the North East. ReRun is the only New York State site for Saratoga Warhorse, a horse therapy program that benefits veterans experiencing post traumatic stress.

Located 40 miles from historic Saratoga Race Course, ReRun is the ideal organization to educate the public on post-race life for Thoroughbreds. ReRun seeks to counter the media focus on negative events in the racing industry and demonstrate the positive work being done in the community to care for, rehabilitate and retrain retired racehorses.
