In a few brief paragraphs, please explain:

1. What geographic area is served?
   Chester County

2. What population is served, what has been the impact of COVID-19, and how has your nonprofit responded?
   Habitat for Humanity of Chester County serves low and very low income families earning between $27,030-$54,060. HfHCC has committed to partnering with homeowners who may have trouble repaying their mortgages because of lost wages due to COVID-19. Mortgage repayments are an important part of HfHCC overall revenue but keeping homeowners in their houses during this uncertain time is vital. Therefore, HfHCC has turned to seeking out funding sources to replace any loss due to lapsed mortgage payments.

3. How much funding is sought? $5,000
   How does this compare to your annual operating budget? $5,192,000
   What will the funding be used for? The funds will be used to pay for general operating costs typically funded by mortgage repayments. The loss of jobs due to COVID 19 has put many families at risk for homelessness. HfHCC is working to avoid this fate for our partner families. Our goal is to keep families whose income has been affected by COVID 19 in their homes during these uncertain times.
   What is the expected timeframe for use of funds? The funds will be used immediately.
