GRANT PROPOSAL GUIDELINES

- We *connect people who care with causes that matter, so their philanthropy makes a difference now & forever.*
- We are a collection of Field of Interest & Donor Advised Funds with @$3.5M granted annually to nonprofits in Chester County & beyond.
- 99% of our grants are made by our generous Fund Advisors, who make grant decisions all year.

Proposals submitted by nonprofits are considered for 2 types of grants:

**Field of Interest & Donor Advised Funds (No Deadline)**

- Grants **focus on Chester County** causes & issues, but are not limited to Chester County.
- Charitable nonprofits working in all fields of interest are considered for grant awards. (I.e. arts, culture, & humanities; education; community improvement; environment; religion; health; & human services)
- **General operating** grants are encouraged. Nonprofits should be specific about their mission, goals, & measurable outcomes.
- Proposals can be submitted **anytime all year.**
- Grant decisions are made **intermittently** all year, as Fund Advisors desire.
- Grant awards typically range from **$500-$7,500.**

**Fund for Chester County Capacity Building Grants (Due 9/15)**

- For eligibility in this grant program, nonprofits must be located in & serve Chester County. NPO’s with budgets of $500,000 or less are given preference.
- The goal of capacity building grantmaking is to strengthen the effectiveness of NPO’s serving the Chester County region, in areas including:
  - Mission, Vision & Strategy
  - Governance & Leadership
  - Partnerships & Collaborations
  - Operations & Technology
  - Fundraising, Development & Marketing
- Proposals must be submitted by **September 15** to be eligible for consideration.
- Grant awards typically range from **$500-$5,000,** with monies distributed by **February.**

- Use this form @ [www.chescof.org](http://www.chescof.org) to apply online for grants from all Community Foundation Funds.
- **Email proposals to grants@chescof.org**
- Proposals are considered “complete” when CCCF has confirmed receipt of the Grant Proposal Summary Sheet, Narrative & Attachments.
- Proposals are shared electronically and online with Fund Advisors, Donors & Grant Panels.
- Per IRS Regulations, applicants must be charitable, tax exempt organizations with 501(c)(3) certification & cannot be individuals.

GRANT PROPOSAL NARRATIVE

Provide clear, concise information. 3 pages maximum.

1. Nonprofit’s history, goals, key achievements & distinctiveness

**History:** Since 1972 PACS has helped people in the Phoenixville area get through difficult or challenging periods in their lives by providing emergency assistance through our food distribution and information and referral services. For close to 50 years, people in the Phoenixville area have known that if they need help, they can visit PACS to receive healthy, nutritious food while being treated with dignity and respect. In addition to food distribution, PACS has helped many community members get back on their feet by providing access to additional resources through our information and referral services.

**Goals:** **Compassion:** Above all else, we will be respectful and responsive to our clients and serve them in a caring and sensitive manner. We value and protect our clients’ privacy and ensure a safe environment for our clients and staff. We honor our clients’ dignity by offering usable, nutritious food and distributing it in a respectful and sensitive way.

**Resourcefulness:** We bring our full resources to bear on the problem of food insecurity and collaborate with other agencies to best serve our clients. We are committed to providing quality, healthy food in the most cost-effective manner. We will be well-managed, sustainable, and a good steward of resources. We will ensure we have the expertise to be effective and are committed to learning and growing.

**Community-Centeredness:** We believe in being culturally competent and understanding the needs of the diverse cultures and ethnicities we serve. Our community supports us. Neighbors and corporate partners in the Phoenixville area work together to raise resources and awareness to meet our clients’ needs. We honor and appreciate the contributions of our donors and volunteers.

**Key Achievements:** The COVID-19 pandemic made it clear that we had outgrown our former location (3,630 sq. ft) at 257 Church Street; as a result, PACS purchased 101 Buchanan Street on 9/11/2020. We have now completed the move to our new, much larger space (23,700 sq. ft), where we are slated to become a food distribution hub for the Chester County Food Bank.

PACS has modified pantry processes to provide a safe environment for our staff, volunteers, and clients as a result of COVID-19. We have successfully implemented calls to our food appointment clients to obtain their grocery list of needed items, delivery for our at-risk clients, and safe donation drop-offs for the community. We are proud to share that we have been open our regular schedule (Mon-Fri 9am-4pm, Sat 9am-11am) throughout the pandemic. We have also seen an increase in clients due to the current economic conditions; as a result, we have been spending up to $10,000 in a month on food (compared to $2,700 in a typical month) to supplement our county-provided and donated items.

PACS successfully organized the Phoenixville Food Insecurity Team (PFIT) in July 2019. This group meets every other month to discuss food insecurity in the greater Phoenixville Area. PACS staff facilitates the meetings and compiles monthly calendars that show where and when food pantries and/or meal providers are open. The calendars are widely distributed on social media and throughout the community so those who need access to food know where to go.

Lastly, PACS has expanded our hours of availability for our clients and donors. Extending our hours and being available on a Saturday provides better service for clients who work during the day. This is especially important for our Asset Limited, Income Constrained, Employed (ALICE) clients.
Distinctiveness: We have worked to be a model of community feeding community by collaborating with other area food pantries and meal providers to create a food secure community.

2. Funding request
   • Description of key initiatives
   • Specific needs & issues to be addressed
   • Why it is important to fund this now
   • How impact & results will be demonstrated

   • For capacity building grant proposals:
     o How will this capacity building initiative impact your nonprofit?
     o How will this impact be measured?
     o Include a description of the expected activities; timeline & costs to implement the initiative.
     If external consulting services are required, include the anticipated costs & expertise of the consultants to be hired. Include external consultant proposals if applicable.

PACS’ main services include the following: 1) Free Bin (anyone needing food may visit our pantry daily for fresh produce, bread, and any other items that may be available), 2) Emergency Food Boxes (anyone who is in immediate need of food is provided a 2-3 day supply of food), 3) Monthly Food Appointments (a 3-5 day supply of government-provided food is given per family member, and is supplemented by food and toiletries donated by the community or purchased for distribution), and 4) Senior Boxes (prepackaged foods and assorted items from the Chester County Food Bank are provided to clients over age 60 living below the 150% poverty level in addition to the food provided at the clients’ monthly food appointments).

Through these services, PACS addresses the immediate need for hunger relief and the long-term issue of food insecurity in the community. The move to our new, much larger space at 101 Buchanan Street and our greater food storage capabilities have more than tripled our operating expenses. This general operating grant of $7,500 will go a long way in helping PACS keep everything running smoothly for the 600-1,000 clients we serve each week.

The impact of our work will be measured by recording our service statistics via our client sign-in sheets, which request the client’s name, zip code, and service(s) needed. The data is later entered into the computer program ReferWeb by staff, and results can be seen on the PACS website under “About – Measuring Success” and in our annual reports.
