--- Brief Mission Statement ---

We are dedicated to the creation, dissemination, and implementation of scientific knowledge to improve the health and well-being of animals and people. As a New York land-grant college, we achieve regional and global impact through education, discovery, and care.

--- In brief, what is your proposed use of the grant you are applying for? Please include 3 to 5 goals you expect to achieve with the funding. ---

Applying for two \$6,000 scholarships (\$12,000 total) for veterinary students pursuing equine medicine. Our goal in granting these scholarships is to assist students in lowering their debt burden to attend veterinary school.

--- If you received a grant from TERF (Thoroughbred Education and Research Foundation) previously, please describe how those funds were used. ---

Two equine-focused students were each awarded \$6,000 for the 2021-2022 academic year.

--- Please list the other organizations or major contributors that have provided funding to your organization within the last calendar year. ---

We are supported by foundations, alumni, and non-alumni donors too numerous to list.

--- Please describe your charity's public education/research efforts. ---

We are a world-reknowned college of veterinary medicine.

--- Please describe any publicity your charity has earned within the last calendar year. Copies of news articles or a brief summary of news coverage are acceptable. ---

Please reference: <https://www.vet.cornell.edu/about-us/news/44>

--- List 2-3 things that distinguishes your organization and why TERF should fund this proposal. ---

The college is embarking on a concerted effort to assure that students graduate with as little debt as possible, and a top priority for our fundraising campaign as part of the University's overall campaign is scholarship support. Few scholarships are provided by donors specifically for students interested in equine medicine, so this scholarship is important. At a time when so many students seek to work in companion animal medicine, it's necessary for our college and TERF to encourage and support students who wish to enter this vital field of medicine.

--- Space for Additional Information and Notes ---

Please note: I did not complete the information regarding employees and duties nor trustee details as they are too numerous to list. Please let me know if there is some other information you require in their place.

Please let me know if you wish to review the "student statements of interest" of the two students identified to receive these scholarships should our application be successful.

--- Please list your Officers with their Titles ---
