# THANKS TO OUR PROMO PARTNERS

**Judaism:** Is it race? Ethnicity? Culture? Nationality? Faith? Heritage?  
The answer: It's complicated

*Trump signed an Executive Order in December 2019 that made antisemitism punishable under Title VI of the Civil Rights Act — a clause that deals only with race, ethnicity and nationality, not discrimination on the basis of religion.*

# ANTI-SEMITISM EXISTS ACROSS AND BEYOND POLITICAL BOUNDARIES

## HATE ON THE RIGHT

- Charlottesville “Unite the Right” rally (August 2017)
- Pittsburgh synagogue shooting (October 2018)
- Poway synagogue shooting (April 2019)
- Nazi propaganda at January 6 riots (January 2021)

*Out of the 270 anti-Semitic incidents committed by known political extremists in the US in 2019, at least two-thirds were committed by known white supremacist groups. Even among those anti-Semitic incidents specifically motivated by anti-Israel and anti-Zionist sentiment, traditionally the focal point of so-called “left-wing anti-Semitism,” the ADL found that the single largest source was white supremacist groups.* <https://forward.com/opinion/446360/the-adls-data-proves-it-the-right-owns-anti-semitism-in-america/>

## HATE ON THE LEFT

- Cemented in anti-Zionist propaganda & themes
- BDS movement – de-legitimizing Israel  
Boycott, Divestment & Sanctions (BDS) is a Palestinian-led movement promoting boycotts, divestments, & economic sanctions against Israel.
- Some 2022 political left candidates have embraced themes related to Israel that range from incendiary to antisemitic

**You can both criticize the government of Israel and not be anti-Semitic *but* that is where words matter. This is an increasingly delicate matter.**
