--- 1. Brief mission statement and describe the distinguishing features of your organization that supports the mission of TERF and the relevance to this proposal. ---

Our mission is to advance veterinary medicine at the interface of discovery and application. We promote research at the molecular, cellular, organismal, and population levels to better inform the practice of medicine, public health, and policy.

We are dedicated to excellence in research, educational programs and professional service. We seek to advance understanding of both animal and human health, foster open collaboration across disciplines and institutional boundaries, and integrate discovery with application.

--- 2. Briefly outline 3-5 goals for the requested funds and how these goals support your mission. ---

The provide two equine-focused veterinary students with \$6,000 scholartships. This supports our mission to improve the lives of animals and the people who care for them.

--- 3. Provide a detailed description of the proposed project, how it is related to the mission of TERF and how it will impact the health and welfare of the horse. (Note: research applications should be understandable to a non-scientific audience and include sufficient detail and rigor for the scientific reviewers.) ---

We propose to use the grant for two need-based scholarships of \$6,000 each for students interested in pursuing equine medicine after graduation. This is related to the mission of TERF to fund scholarships.

--- 4. Provide a timeline detailing the expected progress of the project and specific milestones. ---

Scholarships would be granted at the beginning of the 2023-2024 academic year.

--- 5. Provide a detailed budget for the projected use of the funds. (Note: no funds will be provided for administrative overhead or capital spending; TERF reserves the right to modify funding based on Foundation requirements). Attach budget to submitted proposal as needed. ---

N/A

--- 6. Provide a list of all other sources of funding and the amount(s) received. ---

N/A

--- 7. Briefly summarize your charity's past public education and research efforts. ---

For a comprehensive snapshot of research at the Veterinary College, please review here:
<https://www.vet.cornell.edu/about-us/news/44>

--- 8. If you received funding from TERF previously, describe how these funds were used and outcomes achieved. Include any relevant publicity your charity received relating to the funding. (i.e.: media coverage, such as news articles, scientific publications, provide links to copies, as appropriate). ---

Previously, the Cornell College of Veterinary Medicine has received scholarship funding from TERF, which lightened the financial burden of 2 students per year in pursuing their dreams to become equine veterinarians.

--- 9. List other organizations or major contributors that have provided funding to your organization in the last calendar/fiscal year. For research grant applications, provide a list of all current funding relating to your current proposal. ---

Numerous alumni, friends, corporations, and foundations support the College on a yearly basis.

--- 10. Name a responsible person with whom TERF may communicate regarding specific questions and who will be responsible for follow-up information regarding the project. ---

Sheila Reakes

--- 11. Provide appropriate references to support the proposed research. ---

N/A

--- 14. Add additional Information and Notes: ---

Please let me know if you need any information on paid employees at the College, and if so, which titles you would like me to provide.
