II. CHESTER COUNTY COMMUNITY FOUNDATION GRANT PROPOSAL NARRATIVE

Provide clear, concise information. 3 pages maximum.

1. Nonprofit's history, goals, key achievements & distinctiveness

The YMCA of Greater Brandywine (YGBW) is an association of eight YMCAs serving communities across Chester County. We are a mission-driven, charitable service organization endeavoring to strengthen the foundations of our communities. We do this through programs that promote youth development, healthy living, social responsibility, and the acceptance of the equality of all persons. At the heart of our mission is a commitment to serve all members of our community, regardless of age, ability, or income. We award financial assistance to ensure that no one is denied a chance to participate due to an inability to pay and we provide programs and services that are accessible to all.

YGBW's branches typically serve 80,000 individuals and families annually. We offer educational and wellness programs that help individuals of all ages decrease lifestyle-related diseases and improve their overall health. Our summer camps, after-school and early learning programs offer thousands of children experiences that enrich cognitive, social, physical, and emotional growth. We offer quality programs that help young people cultivate the values, skills, and relationships that lead to positive behavior, better health, and educational achievement.

Our Community

Located in Kennett Square, the Kennett Area branch has unique needs. A large portion of youth served by the Kennett Area YMCA are within the Kennett Consolidated School District. The district receives Title 1 funding and reports a 50% minority enrollment, 17% of students learning English, and 28.8% are eligible to participate in the federal free and reduced-price meal program. Kennett Area YMCA continues to meet the changing needs of the community through the development of offerings that align with the organization's mission and purpose, while maintaining a welcoming, celebratory, and diverse culture.

2. Funding request

The Kennett Area YMCA strives to be a catalyst for improving the quality of life and well-being for all in our community. Outreach programs to the underserved members of the community is a priority for the organization, and Kennett Area YMCA strives to meet those needs through a series of signature programs:

- *Financial Assistance*

Our fundraising efforts help us to provide financial assistance and income-based membership to ensure that YMCA memberships and/or programs are available for all individuals and families in our community. Income-based memberships are available to individuals and families who meet the eligibility requirements and would like assistance in paying for their membership. Financial assistance is also available to individuals and families meeting specified household income guidelines to assist in paying for YMCA programs such as camp, childcare, before and after school care, swim lessons, sports leagues, and more. We award financial assistance to ensure that no one is denied a chance to participate due to an inability to pay and we provide programs and services that are accessible to all.

- *Childcare and Early Learning*

Childcare is a necessity, yet unfortunately, many parents are unable to work and raise a family in our community because they lack access to safe and affordable childcare. The current economic climate has resulted in a staffing crisis nationwide. Additionally, with the impacts of COVID, increased attention on the behavioral health of our youngest population remains a focus. The pandemic caused disruptions which impacted all children, but for those already struggling with behavioral or developmental challenges even prior, the stressors were particularly acute. We continue to develop new and creative ways to attract and maintain licensed, talented staff members.

- *Safety Around Water (SAW)*

Drowning statistics state that drowning is the leading cause of unintentional injury-related death for children ages 1 to 4 and second leading for children 5 to 14 . A signature program of the YMCA is Safety Around Water. The Safety Around Water (SAW) program teaches children critical and potentially life-saving skills, opening a world of possibilities for them to safely satisfy their curiosity. During a SAW lesson, aquatics instructors teach children to safely enter and exit a body of water – and how to respond when in deep water. Swim lessons are a path for youth to build strong swimming skills and develop confidence around water. Our SAW program reaches hundreds of children each year, providing them with the skills they need to be safe in and around the water.

- *Adaptive Programming*

YGBW is dedicated to being a place of equal access for all. Everyone, regardless of ability, deserves to be part of a community that will help them thrive. The YMCA offers many inclusive programs for individuals with and without diverse abilities to participate in activities and classes together as well as a wide array of adaptive programs, designed for individuals with physical, developmental, and intellectual disabilities who choose to participate in activities alongside others with diverse abilities. Over the past few years, YGBW has continued to grow our catalogue of adaptive programs across all branches, and increase opportunities for children and adults with disabilities to meaningfully participate and be included in our organization. At the Kennett Area YMCA, the Respite Recreation program was created for all ages, to provide an opportunity to support social skill development and fine and gross motor activities. Kennett Area YMCA is also planning Adaptive Swim and Adaptive Progressive Fitness, designed specifically for children and adults with special needs and developmental challenges.

- *Arts Programming*

When people think the YMCA, they may think of exercise, swimming, or summer camp but YGBW offers a wide array of arts programming association-wide. At the Kennett Area YMCA, both children and adults can join classes in painting, pottery, crafting, and more. Art classes encourage creativity, self-expression, and focus, as well as offering an opportunity to socialize and create a community.

- *Summer Camp*

For working families, access to safe, supervised, dependable out-of-school-time programming is vitally important. Summer Camp at Kennett Area YMCA welcomes children kindergarten through sixth grade, with 510 children attending last year and upwards of 580 expected this year. Summer camp has many benefits, and can serve to build on the academic growth of the school year by focusing on the importance of play and exploration, making and spending time with friends, finding fun and sustainable ways to exercise, and creating a sense of community with their peers.

Here at the YMCA, we believe summer camp can be a safe, enriching, and helpful experience, designed to meet foundational needs of a child's well-being. Camp allows children of all ages to develop a sense of belonging and achievement through learning new skills, improving social skills through making friends, and being supported by positive role models.

Specific Needs & Issues

The Kennett Area YMCA provides critical services to individuals, families, and children in Chadds Ford, Concordville, Kennett Square, Unionville, and the surrounding communities. Whether it's childcare, afterschool programming, summer camp, or fitness facilities, we provide a safe, supportive environment in which children and youth can learn and develop. This is central to our mission and we are committed to keeping our programs accessible, particularly to those with the greatest need and fewest resources.

Why Now?

The economic impacts of the pandemic and inflation continue to be a leading concern for many of our members and the greater Chester County community, including Kennett Square and the surrounding communities. YGBW and the Kennett Area YMCA rely on annual fundraising efforts to continue to offer financial assistance and subsidize critical programming. Whether through summer camp, afterschool programs, recreational sports and swim, or youth leadership and service groups—there is something that can engage and inspire children regardless of their abilities or financial resources.

Impact & Results

YGBW measures the impact of Kennett Area YMCA's programming in a variety of ways that go beyond basic enrollment figures. We partner with school districts to determine the impact of programs on student learning and well-being. In our Safety Around Water training, children are evaluated by swim instructors to ensure that they have successfully mastered the skills and knowledge required to be safe in and around the water. For all of our subsidized programs, including summer camp and before and after-school care, our goal is to ensure that cost is never an obstacle to participation. Every year we seek to bridge the gap between the financial assistance awarded to families and the dollars raised to ensure Kennett Area YMCA can have the greatest impact on the Kennett community.
